CHAIRMAN'S MESSAGE

Over the years **Shams Al Rabwa General Contracting EST.** has focused on being responsive to customer needs, enterprising growth, and delivering quality services to our clients that suits their budget and time frame. We are determined to build on this success as an organization by focusing on the best interests of our current and future potential clients.

Our paradigm focus is based on team relationships which has enabled Shams Al Rabwa General Contracting EST. to become one of the leading Contracting Companies in K.S.A

We are also keen on providing a focused working environment that allows the highest level of professionalism, safety, and competence.

Our versatile approach as a company is key to our projects' success. Whether you're looking for commitment, dedication, safety in the workplace, quality workmanship, Shams Al Rabwa General Contracting EST. will efficiently meet your needs .

We appreciate the industry's support by allowing us to serve responsibly and grow as a company. We look forward to serve at our best as we dedicate to care and commit to our employees, clients and partners. We are all ears to our customer's valuable opinions and look forward to creating a new value and achieving customer's satisfaction.

About Us

Shams Al Rabwa General Contracting EST. is a well-organized Local Contracting company, offering Electro-Mechanical Civil Works, supply of skilled Manpower, supply of Rental Equipment, supply of materials and procurement services all over K.S.A

Our philosophy is to continuously add value to our services thus ensuring customer satisfaction and company growth. Our resourcefulness and relationship of suppliers along with our extensive experience has rendered us key players in our clients' operations, whether providing turnkey construction solutions, manpower, or Trading functions.

We have an excellent team of highly motivated and skilled workers, all professionals with vast experience in their respective fields. We have completed a number of projects in the Kingdom of Saudi Arabia Our mission is to provide our clients with the right personnel for their projects at an affordable cost and deal in a professional manner to complete projects within a given time frame.

policy

Safety Management System

Shams Al Rabwa has established a sound HSE management system, which is strictly enforced to ensure consistent and effective management of HSE in all business units and facilities. The HSE management system describes the standards of health, safety and environment which we stick to all through our business units. Management communicates these HSE standards to all staff, clients, contractors and concerned third parties.

Shams Al Rabwa has been keeping good statistics on HSE performance, including Lost Time Incident Frequency (LTIF) and Total Recordable Incident Rates (TRIR). Cause analysis and corrective actions are taken to ensure continuous improvement.

This policy represents the commitment to Safety Management and applies to all Business Units controlled by Shams Al Rabwa

Quality Policy

Quality is not just a goal to us, it's our basic strategy for survival and future growth. Quality for us is a never ending journey in order to achieve the ultimate customer satisfaction. All our products are manufactured in compliance with International quality standards. Our products are tested and verified for durability, accuracy and precision so that our clients get value for their money.

Apart from this, we also provide our customers third party inspection of goods to ensure that all the products comply with international quality standards and are made exactly as per the specifications of our customers to meet their specific industrial needs.

policy

SHE Environmental Policy

Shams Al Rabwa policy to operate its business as a company committed to sound environmental management and with concern for the well-being of our common environment. Our goal is to ensure that company facilities and operations are in compliance with international, state and local environmental standards. We believe that an appropriate balance can and should be achieved between environmental goals and economic health. We execute jobs with the special responsibility of environmental management. This requires each of our employee to participate in and accept responsibility for achieving the following goals:

- Operation of our facilities in an environmentally sound manner
- Safe handling of production materials
- Conservation and recycling of raw materials and reduction in the amount of waste generated by the companies' production processes.

The company commitment to these goals includes the following specific elements

- All Shams Al Rabwa facilities will operate in an environmentally responsible manner and in compliance with environmental laws and regulations
- Shams Al Rabwa will maintain compliance programs to inform and train employees in the performance of their duty to fulfill the company environmental policies.
- Through audits and other means, the company will monitor operations to help assure that practices in our workplaces conform to our policies
- Shams Al Rabwa management will make environmental responsiveness and resource conservation an integral part of business management, and will support finding sound solutions to such environmental problems as may arise.

Each Shams Al Rabwa work site is expected to manage its activities in a manner that will achieve the goals of this Environmental Policy. Each of our employee is expected to work toward these goals and is encouraged to advise his superior promptly of any situation that may be in conflict with this Policy.
